Thank you! Could you remind me what our role is on the PSC? Are we an equal member or is it something we lead?
Thanks!

Andrea – please see R3's responses below to the questions raised yesterday by OW re the WIP Expectations Document. We know you have a 10 a.m. call – so we wanted to get them to you in advance. (not much, I know but...)

Thank you for whatever you can do to keep this moving forward.

Much appreciated.

Joan

Joan et.al: Here's our combined Region III response (CBPO, WPD and ORC) to OW comments. Thanks ...Jim

How do these documents – which emphasize the 2025 date for meeting allocations -- relate to the new letter the RA is working on re: **James River** (which would discuss possibility of meeting TMDL loads after 2025)? Is the idea that these documents will go out and then we'd send the James River documents later? Are the optics with that ok?
